Full Rosary

FR2

The traditional Full Rosary features Capture Beads in your choice of colors with oxidized silver caps on each bead.

Rosaries can be made with one color or with up to three colors.

If more than one color is selected, please let us know if you would like your beads to be alternating solid colors or all colors swirled together for marbled beads.

Full Rosary
FR2

As with everything we make, this gorgeous rosary is created just for you and can be customized however you would like.

Looking for a different design?

We can custom make just about anything for you.

Check out our website for more jewelry and keepsakes and our current availability.

CaptureBeadKeepsakes.com

At Capture Bead Keepsakes, it is our mission to capture a moment in time and allow you to hold it in your hand.

Through personal experience, we understand how cherished your flowers are and the meaning behind them.

Our designers carefully handcraft each beautiful keepsake to your specifications with your special blooms. As your flowers arrive, the petals are carefully dried, processed and mixed with other ingredients, allowing us to make a durable, water resistant keepsake. Then each piece is lovingly formed, cured, and finished. The transformation from flower to keepsake has many steps. Our typical turn around time is approximately 8-10 weeks but may vary depending on the volume of orders received. Your patience during this process is greatly appreciated.

However you come to own a Capture Bead Keepsake, it is our hope that the beads bring you fond memories of the person or occasion for which it was created.

We appreciate you and are honored to create your memorial keepsakes.

Thank you for supporting our small business!
